

EX-PRESIDENT SIMPLY DELIGHTED

At Being Relieved of Cares of
Office and Restored to Free-
dom of Private Citizenship.

FAREWELL TO WASHINGTON.

As He Left Station Great Crowd
Shouted in Unison, "Good-bye,
Teddy"—At Sagamore Hill.

Washington, March 4.—With thou-
sands of his countrymen bidding him
an affectionate adieu, Theodore Roose-
velt, retiring president of the United
States, accompanied by Mrs. Roosevelt,
departed from the national capital for
his Oyster Bay home at 3:30 this after-
noon.

As he was leaving the scene of seven
years of strenuous activity, Mr. Roose-
velt gave every indication of delight
over being relieved of official cares.
Looking somewhat tired but happy, the
former president was deeply moved by
the affectionate demonstration in his
honor while waiting for his train at the
station.

"Good-bye and good luck to you,"
were his farewell greetings to the thou-
sands who witnessed his departure. It
was a magnificent spectacle when the
great crowd waved handkerchiefs in
unison and shouted "Good-bye, Teddy."

Mr. and Mrs. Roosevelt occupied a
drawing room in a Pullman car.

All the way from the Capital to the
Oyster Bay station, where he arrived at 1:10
p. m., Mr. Roosevelt, escorted by the
New York county Republican commit-
tee, 300 strong, received a tremendous
ovation, which he greatly appreciated.

A hand played "Auld Lang Syne."
"What's the matter with Teddy?"
shouted Representative Herbert Parsons
of New York, who headed the escort.

"He's all right," answered the crowd,
and the cheers followed.

Addressing the escort, Mr. Roosevelt
said: "I want to thank you heartily for
escorting me down to the station, and let
me say to you how much I appreciate
your courtesy, Good-bye and good luck
to all."

Then Mr. Roosevelt, who had been
conducted to the station by Mrs. Roose-
velt and Mrs. Nicholas Longworth, held
an impromptu reception in the presi-
dent's private room at the depot. All
of his former cabinet officers, members
of the diplomatic corps, officials and
other admiring friends, came there and
bade him farewell.

Mr. Roosevelt, in conversation with
friends, declared he was glad to give up
his arduous duties.

"My, that was a fine inaugural ad-
dress of Mr. Taft," remarked Mr.
Roosevelt to Senator Root.

Mr. Root responded: "It was splen-
did."

AT SAGAMORE HILL.

Oyster Bay, N. Y., March 5.—Citizen
Roosevelt, free from political cares,
rests peacefully this morning in his
own home on Sagamore Hill, three
miles from this village, after having
gone through one of the busiest weeks
in his life. As an ordinary gentleman
and lady of the land, instead of the
first gentleman and lady of the land,
he journeyed from Washington to Oyster
Bay after the care of office had been
lifted from the former's shoulders.

Mr. Roosevelt's special train left
Long Island City at 12:25 this morning
and he was more than three hours
behind the scheduled time, he did not
expect that his neighbors in Oyster
Bay would remain up to greet him. He
was agreeably disappointed, therefore,
when his train reached Oyster Bay to
find the station brilliantly illuminated
with electric bulbs and Japanese lan-
terns while a big illuminated banner
bade him "Welcome Home."

Better than all this was a crowd of
from 100 to 200 of his neighbors whom
neither the lateness of the hour, the
biting wind nor the snow covered

COOPER PLACES PREPARATION ON SALE EVERYWHERE

Will Continue To Meet Public As Heretofore
In Spite Of Change.

The sale of the Cooper preparation in
New York will no longer be confined to
the one store where Cooper has been
meeting the public. For a number of
Cooper says more people have called to
talk with him than could be taken care
of at one store and he has therefore
decided on a change of plans.

In speaking of this change he said:
"I have realized for some time that I
would have to relieve the congestion
at this store, as the number of people
who call has been increasing each day,
until it is almost impossible to see
them all, especially at certain hours
in the day. Beginning Saturday, my
preparation will be on sale at all drug
stores in Greater New York."

"My Saturday most druggists will
have the medicine in stock and those
who have not obtained it can easily or-
der it for their customers. I shall con-
tinue to meet the public daily as hereto-
fore."

"The name of the medicine which is
proving so successful is Cooper's New
Discovery. It is a sugar coated, re-
vitalizing, worming, sluggish, distended
stomach, and causes the gastric juices
to become active again. As I have often
stated before, the stomach is responsi-
ble for all these half-sick people who

delphia at the Bellevue Stratford hos-
tel at 10 a. m. and will have the Wal-
dorf-Astoria here as its objective point.
Because of the bad roads, it is impos-
sible to say when it will reach this
city. After remaining in New York over
night the car will leave for Philadel-
phia at 10 a. m. on Saturday.

ESCAPING CONVICTS CAUGHT.

Phoenix, Colo., March 4.—Albert
Richardson, Theodore McGovern and
Ed. Barnard, convicts at the state peni-
tentiary at Buena Vista made a gen-
eral attempt to escape this after-
noon, but were captured 40 minutes
after they left prison. Placing a ladder
against the stockade they climbed to
the top of the fence, and jumped out,
starting for the mountains. The men
in the tower opened fire on the men
who ran nearly a mile before surren-
dering.

CATARHUS.

Called an American disease, it is cured
by an American medicine, originated
and prepared in the most cathartic
of American countries.

That medicine is Hood's Sarsaparilla.
It cures radically and permanently,
in that it removes the cause, cleans-
ing the blood of scrofulous and all
other impurities. It overcomes all the
effects of catarrh, too, and builds up
the whole system.

AMERICAN MEATS

SAID TO BE DISEASED

London, March 4.—Startling allega-
tions concerning the diseased condi-
tion of some recent consignments of
American meat contained in a re-
port by Dr. Williams, medical officer
of the port of London, presented to
the city council today.

In a shipment of meat that arrived
Feb. 3, Dr. Williams reports that he
found 528 sheep livers and 130 lungs
were diseased out of a total of 2,400.
There were also 300 frozen carcasses
on board the ship, of which 15 were
minus the lymphatic glands. One car-
cass was affected with tuberculosis.

"There is no necessity," Dr. Williams
says, "of removing the lymphatic
glands, which is the usual practice,
and, presumably in the case of the
15 carcasses found without glands,
they had been discovered on inspection
in the United States, to show some
evidence of disease."

Continuing the doctor pointed out
that in the above consignments more
than 600 cases of tongue, liver, and
lungs, etc., bore an official label, in-
dicating that they had been inspected
and passed as sound in the country of
exportation.

The city council decided to forward
Dr. Williams' report to the government
board in order that any of the
meat might be brought to the notice of Am-
bassador Reid.

CHICAGO COMMENT.

Chicago, March 5.—Officials of several
large packing concerns declare that
it is extremely unlikely that any of
the consignments of diseased meat
complained of by Dr. Williams, the
officer of the port of London, were
shipped from Chicago.

"I am not acquainted with the facts
in the case, but I consider it very
doubtful, indeed, if any of the meat
in question came from Chicago," de-
clared Louis F. Swift, cannot see
how it would be possible for meat
such as is described to be shipped
anywhere, in view of the rigid federal
inspection now in force. In Chicago,
especially, these government repre-
sentatives are very strict."

EMERGENCY SURGICAL KITS.

New York, March 5.—Emergency sur-
gical kits will be carried by all rail-
roads if recommendations of the Society
for the Instruction of First Aid to the
Injured are carried out. Resolutions
calling for all passenger trains to be
so equipped were adopted at a meeting
of the society here last night. Special
legislation would be required to force
the roads to take such action, however.

SUGAR CASE ARGUMENTS.

New York, March 4.—Argument of
counsel was heard today in the suit
brought by the United States against
the American Sugar Refining company
of New York for duty damages grow-
ing out of alleged fraudulent weighing
by the company, and after Judge Holt's
charge tomorrow, the case will go to
the jury.

Summing up for the defense, Atty.
John B. Stanchfield declared the pro-
secution was nothing more or less than
tyranny.

Dist. Atty. Stimson, closing for the
government, asserted that the action
was not against any of the men who
direct and own the American Sugar
Refining company, but against sugar
itself, and if the sugar had gone into
consumption the money representing
that sugar was the just demand of the
United States.

Mr. Bryan said he would rather be
the defeated candidate of the Demo-
cratic party and have the support he
received and the votes of the 6,000,000
people than be president and feel that
he owed it to the powers that corrupt.
The speaker referred to the many
times that he had been called a "dream-
er," ending with the remark that the
dreamer had won in time of need.

Mr. Bryan said defeat meant nothing
to him who did not seek office, but
rather who fought for the triumph of
his ideas, and he said he would be en-
tirely satisfied if people would think
of him as a builder who had done the
best he could and helped make the
building of good higher.

SALOME DANCE OBNOXIOUS.

Kansas City, March 4.—Gertrude
Hoffman, the actress, was enjoined by
the circuit court here today from pre-
sented the Salome dance during the
rest of her engagement here in the
leading part of the "Mimic World" on
the ground that the dance is obnoxious
to public morals.

A NEW AEROPLANE.

Berlin, March 4.—Maj. Parseval, has
completed a new aeroplane which will
be tried out shortly near Berlin. It is
a monoplane driven by a motor and
it is arranged to ascend from a launch
to the surface of the water. Parseval's
third steerable balloon, which is
considerably more powerful than his
previous airships, has just undergone
a series of successful trials under the
superintendence of the military au-
thorities.

CHANGE OF CHARGE IN

JAMES GOODWIN CASE

San Francisco, March 4.—It is said
that the charge of conspiring to murder
James Goodwin, the wealthy Nevada
mining man under which Sidney Danby
and Jay O'Loane are held in jail, will
be withdrawn and a charge that they
plied Goodwin with liquor will be in-
stituted, as a longer sentence is pos-
sible under a conviction on the latter
charge. The maximum penalty for the
conspiracy charge is one year in the
county jail, while the felony charge

could be punished to the extent of five
years in the penitentiary.

Goodwin was interviewed by a de-
fensive at the hospital today, having
recovered sufficiently to answer ques-
tions. He told the officer that his
bank account of \$1,200 had been dissi-
pated by Danby and O'Loane. The de-
fensive declared that he had positive
proof that Goodwin was a wealthy
man.

It is expected that Goodwin will be
able to leave the hospital in a few days
as he is recovering rapidly.

RACE SUICIDE.

as President Roosevelt calls it is not
nearly the menace to increase in popu-
lation that death among infants are
today. The danger of race suicide is
directly or indirectly caused by bowen
troubles. McGee's Baby Bixie cures
all infant ailments of this nature. Just
the thing for teething babies. Price,
and 30c. Sold by Z. C. M. L. Drug
Store, 112 and 114 South Main St.

STANDARD OIL CASE.

First Vital Point Decided in Favor of
Government.

Chicago, March 4.—A vital point in
the government's case against the
Standard Oil company was decided in
the former's favor by Judge Anderson
today. The defense argued against the
admission of "Tariff 24," which shows
the rate on oil between Whiting, Ind.,
and East St. Louis to be 15 cents, on
the ground that the mere posting in
Chicago of the tariff was sufficient to
bring it into the Chicago office. Just
Chicago & Alton did not constitute
publication. Without publication the

It was contended, was illegal and
could not be recognized by the court.
Had this document been barred, the
government's case would have crum-
bled, but the court decided to admit
it. The victory was only a partial one,
for the court admitted as evidence
only the notice of the existence of
"Tariff 24." The judge stated that the
government would have to prove by
witness the actual publication of the
tariff sheet itself. This the govern-
ment's attorney said he would do.
